

## **KMF Audio stereo solid-state microphone – Technical specifications**

Custom integrated pre-amp and custom power-supply perfectly matched to the capsules

Polar pattern: omnidirectional

Frequency response: flat from 20Hz to 20+KHz

Output: line level

Output voltage fully adjustable to analog or to a/d converter

AC power draw: 0.05 amps

AC voltage: 60Hz 105-120v AC

Max output voltage: 20v 2K $\gg$ +  $\Omega$

Output impedance: 249 $\Omega$

Weight (ps): 2 lbs

Weight (mic): 1 lbs
